VINTAGE COLLECTION

What makes a jacket more than just a piece of clothing? Is it the soft, broken-in feel? The styling that reminds you of that wonderful old jacket your dad always wore? The workhorse features like heavy-duty brass hardware, triple-stitched seams, and not just one but three inside pockets? Whatever the reason, one thing is clear. You're going to love our latest classics - Berne Vintage apparel. Jackets. Bib overalls. Tried and true favorites.

A close-up photograph of a dark, possibly black or dark grey, jacket. The fabric is heavily worn, with numerous scuffs, scratches, and areas where the material has frayed or peeled away, particularly around the shoulder and elbow areas. The jacket is covered in small, light-colored particles, likely dirt or debris. A prominent feature is a white logo on the lower chest area, consisting of a stylized bear silhouette above the word "BERNE" in a bold, sans-serif font. The background is dark and out of focus, suggesting an outdoor setting. A small portion of a green object is visible in the top right corner.

 **BERNE**

ICECAP™ COLLECTION

The Berne Icecap Collection features workwear built to withstand harsh, frigid conditions.

Don't let sub-zero temperatures stand in your way. Block the cold and stay dry with Berne's warmest, most durable workwear to date.

FLAME RESISTANT COLLECTION

NFPA 2112 and 70E SAFETY STANDARDS

CAT 2

Flame resistant clothing with required minimum arc rating 8 cal/cm².

CAT 3

Flame resistant clothing with required minimum arc rating 25 cal/cm².

CAT 4

Flame resistant clothing with required minimum arc rating 40 cal/cm².

ATPV

Arc Thermal Performance Value (ATPV) is the incident energy on a material or multilayer system of material that results in a 50% probability that sufficient heat transfer through the tested specimen is predicted to cause the onset of a 2nd degree burn injury.

EBT

Break-open Threshold Energy (EBT) is the incident energy on a material or multilayer system of material that results in a 50% probability of break-open.

*WARNING: This product can expose you to chemicals including Formaldehyde, which is known to the State of California to cause cancer, birth defects or other reproductive harm. For more information, go to: www.P65Warnings.ca.gov

CAMOUFLAGE COLLECTION

Introducing RealTree® APX

The culmination of nearly 40 years of relentless innovation and improvement in a new camo design.

- **Realistic** Detailed bark, sticks, limbs and leaves just like the real woods
- **Abstract** Dark pockets of shadows and color that mimic natural formations like moss, shadows and crevasses
- **Abstract + Reality** Abstract micro texturing matches realistic features of speckled bark and rock textures.

A workshop scene with a person wearing a cap and safety glasses, surrounded by tools and equipment. The person is seen from the back, looking towards a workbench. The workbench is cluttered with various tools, including a red power tool, a white container, and a black bag. The background is a pegboard wall with various tools hanging on it. The lighting is dim, creating a focused and industrious atmosphere.
