Master Work

**WE CHAMPION THE PASSION,
PRIDE AND POWER OF WORK.**

**FUELING THOSE COMMITTED
TO MAKING THEIR MARK.**

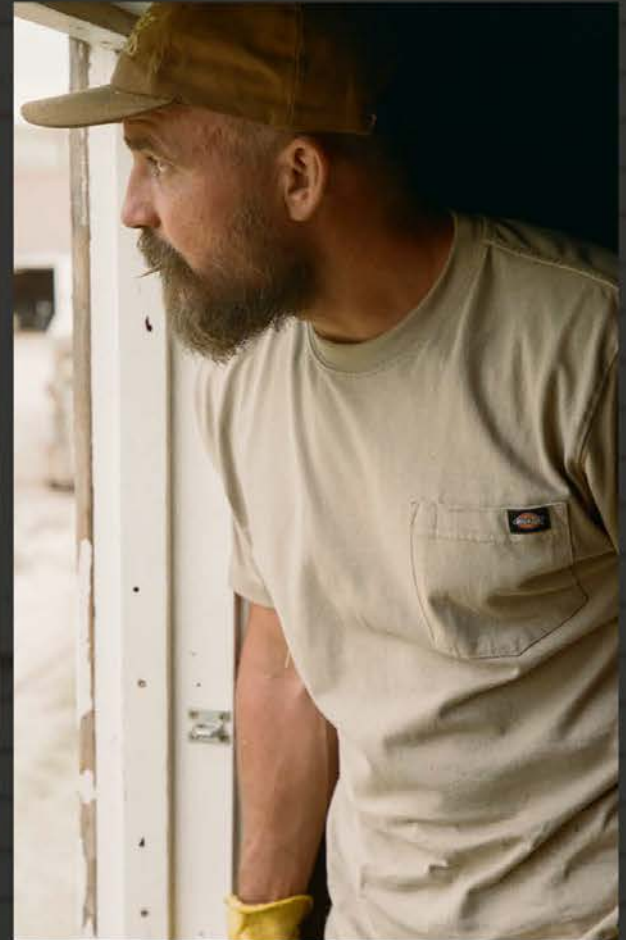

OUTERWEAR & LAYERING

As temperatures drop, we're looking to highlight innovation in our outerwear and introduce new fleeces to our men's and women's lines that keep workers warm and comfortable without restricting mobility.

ICON EVOLUTION

Our most iconic styles, the work shirt and Eisenhower jacket, evolved with new performance features for workers who are seeking enhanced fit and function on and off the job.

GRAPHIC TEES

The classic heavyweight tee you know and love with brand new graphic prints. We're expanding our offering of essential tees to add to your daily lineup.

F/W 2024 SEASONAL PALETTE

Rustic earth tones and neutrals combine in this palette and are characterized by a duality of color. Rain Forest Green and Plum perfect have a subtle tonal flatness that feels new on technical fabrics. Dusk blues and Light shade of greys appear super-clean and hi-tech, but also work particularly well with classic styles. Inca Gold and Mellow Mauve elevate the color palette as seasonal colors, and Tangerine Tango gives an electric boost to deeper winter and grounded with core colors such as Navy, Khaki and Deep brown.

A view through a window showing a landscape with hills and trees. The image is split into four quadrants by a vertical and a horizontal line, likely representing window panes. The top half shows a bright sky and distant hills, while the bottom half shows a dense forest of green trees. In the center, where the lines intersect, the word "Dickies" is written in a stylized, italicized font within a white, rounded rectangular border.

Dickies
